

Hazardous area update from Expo - May 2024

Welcome to this update from Expo Technologies - your hazardous area partner.

In this edition:

-
1. [Featured Product – SmartPurge Z](#)
 2. [Tradeshaw Preview – AICHEMA 2024](#)
 3. [Tradeshaw Review – Analyzer Technology Conference 2024](#)
 4. [Meet Alex Brady, One of our Territory Manager at Expo](#)
-

1. Featured Product – SmartPurge Z

Expo Technologies is excited to announce the latest addition to our range of purge & pressurization systems - the SmartPurge Z.

While Purge & Pressurization is one of the simplest approved protection methods for electrical enclosures in hazardous areas, many purge systems are complicated to specify, and even more complex to install and commission.

The SmartPurge Z has been designed to be one of the simplest systems while offering all the capabilities electrical panel builders and OEMs are looking for.

2. Tradeshaw Preview – ACHEMA 2024

This year, Expo Technologies will be very active sharing our hazardous area solutions, insights, and emerging trends.

We are excited to invite you to ACHEMA 2024, the premier event for the process industry, taking place in Frankfurt am Main, Germany from June 10-14. Companies from over 50 countries will showcase innovations in chemical, pharmaceutical, biotech, energy, and environmental services.

Visit Us at Hall 11.1, Stand G56 and see our latest purge & pressurization systems.

3. Tradeshaw Review – Analyzer Technology Conference 2024

A big thank you to everyone who joined us for Analyzer Technology Conference 2024.

We are grateful for your participation and enthusiasm, but the conversation did not end there. If you are interested in learning more about hazardous area solutions for gas analyzers, please contact us for further assistance. Our team is here to provide you with all the information you need to make informed decisions. We look forward to help you with your gas analyzer needs.
